Money in the fund not immediately needed to meet the obligations of the authority as provided for in this subsection may be invested in such a manner as permitted by law. Any reasonable costs incurred by the authority in administering this fund may be taken from the money in the fund.

4. Accounts within fund. The authority may divide the fund into separate accounts as it determines necessary or convenient for carrying out the purposes of this subchapter.

5. Revolving fund. The fund is a nonlapsing, revolving fund. All money in the fund must be continuously applied by the authority to carry out the purposes of this subchapter except as provided in subsection 3.

6. Premium. In addition to any other tax or charge imposed under state or federal law, a premium is imposed on all motor vehicle oil changes sold in the State at retail in the amount of \$1 per oil change on a vehicle with a gross vehicle weight of under 10,000 pounds, \$2 on a vehicle with a gross vehicle weight of 10,000 pounds to 25,999 pounds and \$3 on a vehicle with a gross vehicle weight of 26,000 pounds or more. When the authority is advised by the Department of Environmental Protection, the United States Environmental Protection Agency or the responsible parties of the issuance of a final remedy selection and that the remedy will be implemented pursuant to a consent decree or other final settlement order or agreement determining substantially final response costs for a waste motor oil disposal site, the authority shall determine those costs for that waste motor oil disposal site that represent the collective share of those persons eligible under subsection 7 to have their share of those costs for the waste motor oil disposal site paid from the proceeds of revenue obligation securities. In determining the amount of response costs incurred by an eligible person prior to the effective date of a consent decree or other final settlement order or agreement, the authority shall rely on a written certificate of costs from the potentially responsible party (PRP) group, if any, at the waste oil disposal site. If a potentially responsible party (PRP) group is not active at a waste oil disposal

site, the authority shall rely on a written certificate of costs from each eligible person supported by copies of invoices, receipts or other evidence of payment. The certificate of costs must be made under oath and subject to the provisions of Title 17-A, section 451. In determining the amount of response costs to be incurred by an eligible person after the effective date of a consent decree or other final settlement order or agreement, the authority shall rely on the final allocation of response costs as agreed on by the responsible parties and as reflected in the consent decree or other final settlement order or agreement.

The authority is not authorized to issue more than 2 certificates of determination for a waste motor oil disposal site.

5. Eligibility. For purposes of this section, "person" means any natural person, corporation, partnership or other entity identified as a responsible party at a waste motor oil disposal site. I. Any person or its successor in interest that performed repairs, at repair facilities located in this State, on special equipment or special mobile equipment, as defined in Title 29-A, section 101, subsections 69 and 70, is identified by the potentially responsible party (PRP) group at the waste motor oil disposal site as qualified under this subsection and certifies to the authority under oath and subject to the provisions of Title 17-A, section 451 that it is qualified under this subsection.

6. Parties ineligible. The United States of America and its agencies, authorities, departments, boards, commissions and instrumentalities are not eligible to have any share of any of their obligation for response costs covered by revenue obligation securities issued pursuant to this section.

The confirmed responsible parties must be placed on the registry. In addition, with regard to eligibility, the authority may consider and rely upon information provided by the potentially responsible party (PRP) group conducting response activities at the waste motor oil disposal site. Copies of the registry must be made available to the public at the office of the chief executive officer of the authority.

B. The authority shall cause the registry for each waste motor oil disposal site to be published 2 times, 7 days apart, simultaneously in the weekend edition of the following newspapers or any of their successors: the Bangor Daily News, the Portland Press Herald, the Kennebec Journal, the Morning Sentinel, the Brunswick Times Record, the Aroostook Republican, the Lewiston Sun Journal and the Biddeford Journal Tribune.
